

ThedaCare Trauma Symposium - Wednesday, May 22, 2024

Updates in Trauma Care 2024
0730-1600

As one of ten American College of Surgeons (ACS) nationally verified Level II trauma centers in the state of Wisconsin, the Trauma Center in Neenah is dedicated to providing comprehensive, multidisciplinary care for adult and pediatric patients. As such, we recognize the need and responsibility to educate the medical community and increase awareness of new developments in trauma care.

Our challenge is to provide optimal care to the injured victim and their families in a changing environment. The Trauma Center in Neenah is proud to offer this one-day conference. State, regional and local presenters will be featured during this one-day program.

Physicians, nurses, EMS personnel, and other health personnel will be able to increase their awareness on current procedures, accurate assessments, and appropriate management of patients with trauma-related injuries from the pre-hospital arena, to the emergency department, intensive care unit and beyond.

Symposium Location - Fox Valley Technical College - Main Campus 1825 N Bluemound Drive, Appleton WI 54912 - Use Entrance 16

Learning Objectives

Following this educational session, learners will be able to:

- **Apply knowledge** gained and lessons learned to provide quality trauma care in practice settings.
- **Identify the role** they play in the interconnected Wisconsin Trauma System.
- **Describe the value** of formative feedback on improving team performance.
- **Recognize the role** of the DNR in ATV and UTV crash prevention and investigation.
- **Gain insight** into preventing, identifying and managing delirium.
- **Become familiar** with shoulder-to-fingertip injuries and treatment options.
- **Understand and increase knowledge** about geriatric hip fractures.
- **Examine the teamwork** necessary for a successful trauma recovery.
- **Increase knowledge** about blunt and penetrating injuries created in powersport traumas.
- **Gain insight into Media Relations** opportunities and preparation to educate and raise public awareness.
- **Appreciate the importance of MCI preparedness** and understand challenges involved with an unexpected incident.

Trauma Symposium Agenda and Schedule

0730-0800	Registration, Continental Breakfast, Vendors	
0800-0805	Welcome	
0805-0905	Rooted in Legacy, Reaching for Tomorrow: The Wisconsin Trauma System's Evolution	Delve into the rich history, ongoing efforts, and ambitious goals of Wisconsin's trauma system. Together, we can build an even brighter future for injured patients. How will you play your part?
0905-1005	Crash Course: Understanding ATV/UTV Safety and Scene Investigation	Forget "accidents" - let's call them preventable incidents. This presentation dives deep into ATV and UTV crashes, revealing what's truly behind them and how you can keep yourself and others safe. Join us for insights on mitigation, scene response, and actionable tips to share with your community.
1005-1020	Break & Visit Vendors	
1020-1120	Improving Team Performance with Simple Real Time Feedback	Review the value of formative feedback; Discuss potential simple feedback mechanisms, Define a plan for implementation of feedback at your institution.
1120-1135	Gold Sponsor Vendors	Vendor Highlights
1135-1215	Lunch & Visit Vendors	Box Lunch – Network with Colleagues and Vendors
1215-1245	Bones & Beyond: Unpacking the Most Common Geriatric Admission - Hip Fractures	This session explores: types and causes of geriatric hip fractures; treatment options and their implications; essential nursing care strategies; identifying factors that potentially increase mortality risk.
1245-1315	From Confusion to Clarity: Navigating the Complexities of Delirium	Preventing, identifying & managing delirium in geriatric trauma patients. Join us for a session on this common complication.
1315-1415	Breakout session 1 - Beyond Bandages: Unveiling the Teamwork Behind Successful Trauma Recovery	Join specialists from Respiratory, Physical, Occupational & Speech Therapy, Nutrition & Trauma Social Work for a case study revealing their unique roles in a patient's recovery.
1315-1415	Breakout session 2 - Upper Extremity Trauma: Fireworks to Falls and Everything in Between	Shoulder to fingertip case-based discussions; understanding treatment principles and techniques.
1315-1415	Breakout session 3 - When the Media Call; Why Media Relations is Vital in Trauma Care	<i>Emergency situations trigger media interest, but it doesn't have to be just about updates. This is your chance to: Share prevention tips: Help others avoid similar situations; Raise awareness: Inform the public about important issues; Celebrate success stories: Shine a light on positive outcomes. Be ready! Knowing what to expect empowers you to deliver clear and impactful interviews.</i>
1315-1415	Breakout session 4 - From Thrill to Trauma: Medical Case Studies Exposing the Risks of Powersports	After the Oops to the Trauma Center; Reviewing powersport medical case studies.
1415-1430	Break & Visit Vendors	
1430-1545	Close to Home: The Waukesha Parade Tragedy	In November 2021 an SUV drove through a crowd gathered for the Waukesha Christmas Parade. Our speakers will outline their experiences during this mass casualty incident.
1545-1600	Closing
