Fox Valley Regional Trauma Advisory Council  
Attn: Jason Selwitschka

December 2, 2025

Dear Fox Valley RTAC,

This letter is to express my interest in serving a third term as a member of the Board for the Fox Valley Regional Trauma Advisory Council.

I am currently the regional Clinical Coordinator of Trauma for Ascension, managing the Level III trauma programs at both Ascension St. Elizabeth and Mercy Hospitals. I also assist Ascension Calumet Hospital with monitoring the care of their trauma patients.

I have been a registered nurse, working in Wisconsin since 2005. Previously, I have worked as a registered nurse in both the inpatient acute care setting and the emergency department. Additional professional roles I have served include as a Clinical Coordinator for STEMI and stroke programs, a Pulsara site administrator, EMS liaison, and served as a sub team leader for the Affinity Health System's Standards of Care Council.

I look forward to several more years serving Region 6.

Regards,

**Rebecca (Becky) Stahl, RN**
